Vekol Wash Project Moves Forward After Years of Planning and Approvals

Submitted by Environmental Programs, with contribution from Robert Miguel

After years of coordination, negotiations, and careful planning, the Ak-Chin Indian Community is proud to announce the official launch of its long-awaited Vekol Wash maintenance and restoration project.

This important environmental and infrastructure effort reflects the Community's proactive approach to managing its lands and protecting its people from ongoing flooding and water management issues.

A Long Road to Approval

The journey began with numerous meetings and negotiations with the U.S. Army Corps of Engineers (US ACE). A major milestone was reached on August 8, 2023, when the Nationwide Pre-Construction Notification Permit was formally

submitted to the Phoenix US ACE office.

Less than a month later, on August 29, 2023, the permit was signed and approved.

However, before work could begin, an Archaeological Survey was required.

The Environmental Programs team quickly moved into action, developing and advertising a request for proposals to conduct the survey.

Following months of contract negotiations and scheduling adjustments, the survey was completed in just two weeks, with an additional two weeks to finalize the report.

Once the report was approved and all internal clearances were obtained, the project officially broke ground on July 16,

Initially, work was scheduled for Mondays only and targeted a quarter-mile at a time.

As the project progressed and capacity grew, the schedule expanded to three days a week, enabling faster progress.

Regular update meetings are held to address challenges and ensure the project stays on track.

Taking Initiative: Sanitation Leads the Effort

Rather than waiting for federal approval and funding—which could have taken years—the Community chose to move forward under a local solution: Ak-Chin Sanitation would lead the project directly by utilizing their equipment and manpower. This decision allowed work to begin sooner, giving the

Caution requested as Mountain Lion Spotted in Community

Story by R. Miguel, photos submitted

Out looking for a loose donkey in the community seemed an easy task for Ak-Chin's Ranger Harry Grizzle, locate and make arrangements to take animal back to the corral where it was contained, basic right?

That seemed to be the case, until Grizzle ran into Ak-Chin Public Works Director, Delbert White about three weeks ago just north of the cemetery.

"Delbert stopped me and said that he saw what might have seemed to be a bobcat, but later determined that it might be a mountain lion instead," Grizzle said.

"He told me that it was about 5 minutes ago that he came across it, so I immediately went looking for it."

A mountain lion roaming the community? Highly unlikely to see a lion, but a bobcat and any other critters, yes.

So, this was obviously of interest to investigate, as Grizzle had prior heard of bobcats encroaching into the community, but now it may have been a mountain lion all along.

During his investigation, Grizzle determined that the animal was definitely a mountain lion that White had seen.

Following a trail that he thought the mountain lion would take, Ranger Grizzle found himself in the wetlands area and

encountered some visible footprint impressions similar to those of a mountain lion.

Entering a congested shrub area near the tracks, Grizzle quickly realized that what he heard "hissing" at him very loudly, was that of a mountain lion. He immediately backed away and returned to safety.

That was the last encounter he had with the animal. Although he only heard and didn't get a visual, his experience growing up around animals, which have included mountain lions, helped him confidently determine that it was a lion.

Grizzle's familiarity with the sounds and features of a mountain lion stems

from growing up around the animals, as his family currently works with wildlife, in particular as Wild Life Wardens in the Table Top Mountain areas.

In previous conversations with a couple of elders, Grizzle mentioned that they shared sightings of bobcats, but now it might have been the mountain lion.

Questions have arisen about what can be done if encountering a bobcat, lion, javelin, or badger? Yes, badgers are even roaming the pastures in the community.

"Are we allowed to shoot them?" "Are they protected animals?"

Grizzle has heard these questions; he doesn't know what to tell them.

A bobcat was spotted in the wetlands of the community. The cat was one of a handful that have made the community their home.

First Day of Preschool

Story and photos by Robert Miguel

For about fifty-five preschool students, entering school at the Ak-Chin Child Development Program on Monday, August 11th, was full of excitement and enthusiasm, beginning their young career as a student, while looking forward to making new friends in the classroom and meeting their new teacher.

For a couple of the new attendees, it was a bit of uncertainty, figuring out what to do, who to play with and how to follow instructions.

In addition, representatives from Angel Home Healthcare were in attendance to answer questions on their services.

There were about a dozen elders who were at the Enrollment Fair. Some were prepared to register with PIMC at that time. Others decided to wait, as they addressed concerns with pharmacy pick-up and delivery, referrals and transportation.

Another Community Patient Enrollment Fair is scheduled for Monday, August 18, for all Ak-Chin Members. The Enrollment Fair will be held at the Ak-Chin Recreation Facility, from 1pm to 6pm.

In addition to the Special Meeting, two Community Patient Enrollment Fairs were set up to assist members who are not currently enrolled through PIMC or those who are enrolled and need to provide updated information.

On August 7, Ak-Chin Elders met with Attorney Nolan Reidhead to learn about Estate Planning.

Nolan provided a firm presentation of documents needed for Estate Planning, such as Healthcare Power of Attorney, Financial Power

of Attorney, Living Will and Last Will and Testament.

The information Nolan provided was invaluable, it gave Elders some peace of mind and options for their end of life planning, care and final wishes.

Attorney Nolan Reidhead will return to the Elder Center on August 21st and 22nd to assist elders with creating new wills and updating their current ones. If you would like to schedule a meeting with the attorney, please call the Elder Center at 520-568-1760. We will add you to the list.

Attendees of the Book Bash share smiles and fun with one another to end Summer reading.

The Ak-Chin Library hosted a “Back to School Book Bash” on Thursday, July 31st to celebrate the end of their “Color Our World” summer reading.

The event was open to all in the community; attendees were able to enjoy a number of different activities with games like Bingo, as well as some delicious food, which included an ice cream bar with a variety of toppings to chose from.

The event was a success, everyone left with a handful of goodies from winning games and cool swag that was being given away, all the children left with big smiles from ear to ear.

Storytime with Mrs. Linda

Story and photos by Kristen Villegas

Books provide more than a story; they can offer information of all forms that make learning better.

Whatever interest you have, there is more than likely a book for the topic and if you love to escape with the imaginative makings of a great author there is a limitless supply of books out there.

The Ak-Chin Library works to provide a variety of reading related activities for your kids; Storytime with Mrs. Linda is one that is not to be missed.

Every Storytime, Mrs. Linda and other library staff choose a book to share with a group; not only is this great for kids, parents themselves may find enjoyment from the session.

If you’d like to attend one of these Storytimes,

they have sessions on Wednesdays at 10 AM and the library staff asks for a parent/guardian’s presence when children attend. For more information on Library activities contact them at 520-568-1675.

Ak-Chin Fire Fighter Carlo Moreno helped capture and relocate one of the bigger rattlesnakes found in the community.

because the community’s ordinance is vague and has no verbiage on whether these animals are protected; and is only practiced on how to observe and handle them.

At this time, Grizzle only deals with issues and/or problems with what is written in the current ordinance.

Many of the most recent encounters have unfortunately come due to natural resources, such as food and water becoming limited and scarce within the areas these animals normally roam.

Therefore, the need

to come to uncharted areas, where they know these resources will be available, is within the residential areas of the community.

It is important to be aware and be cautious when these animal encounters present themselves.

The following tips and tricks are for mountain lion encounters:

- Mountain Lions are the top predator in this region
- They do not fear humans
- Do not approach a lion
- Do not run from a lion
- Do all you can to

appear larger

- Fight back if attacked
- Keep children close to you
- Do not trigger a chase response and stand your ground
- Do not keep food or water outside for a long period of time, especially at night
- If you are walking or running, do not go alone

Any sightings of a mountain lion, or other wild animal in the community, please contact Ak-Chin Ranger, Harry Grizzle at 520-568-1220.

Staff and children from the Ak-Chin Recreation Department attend the Arizona Cardinals preseason football game against the Kansas City Chiefs.

Are You Ready For Some Football!

Story by Robert Miguel and photo by Kathleen Miguel

Following a successful Spring Flag Football season, the Ak-Chin Recreation Department entertained thirty young athletes who participated in the program, to the first Arizona Cardinals Pre-Season football game of 2025.

Donning Cardinals gear, the young athletes were excited to see professionals take to the field at Cardinals Stadium

For many of the group, it was their first time watching a National Football League (NFL) game live in person and the first time to State Farm, and what a great game to attend as the Cardinals and Kansas City Chiefs went to battle.

The kids were excited to see the likes of Arizona's Kyle Murray, Marvin Harrison Jr., Trey McBride and James Connor get in

repetitions (reps) if only for just two series.

Although, it was a pro Cardinals crowd in attendance, many others were there to see the dynasty of a team in the Chiefs, who have won back-to-back Super Bowls just recently, but also have two of the game's greatest in superstars; Travis Kelce and Patrick Mahomes.

Both, Kelce and Mahomes were limited in playing time as the two played in the first series. Of course, with the Chief's Kelce in the stadium, the expectation of a Taylor Swift sighting was on the lookout for many.

The game was exciting early on, especially for Chiefs' fans as they were able to score on the first drive of their series in the first quarter for a 7-0 lead.

Following a field goal from

the Cardinals, the Chiefs scored another touchdown for a 14-3 in the second quarter. The Chiefs lead quickly vanished as Arizona was able to score two touchdowns before halftime, for a 17-14 lead.

Kansas City kicked a field goal in the third quarter to knot the score at 17 apiece going into the fourth quarter.

The Cardinals added a field goal in the fourth to close out the game's scoring and an Arizona victory, 20-17.

The group from the community were able to travel back home excited, not only because they just witnessed a Cardinals' win, but because for some, it was the first time attending a professional football game and the first time being in one of the most recognized stadiums (State Farm) in the NFL.

Russell Peters at Harrah's

Story and photos by Robert Miguel

Russell Peters

One of the top stand-up comedians in the world, Russell Peters, was in rare form during a performance at Harrah's Ak-Chin Casino Events Center on Saturday, August 2nd.

A little over one thousand concert goers enjoyed a night full of laughter as Peters dove into topics, which included humorous highlights of racial, ethnic, class and

cultural categorizes. He also shared comical experiences growing up in an Anglo-Indian family.

The event was well received and it was reported to be a sold-out show.

Of Indian descent, Russell Peters was born and raised in Toronto, Canada. In his early years, he began his entertainment career in the 1990's, performing as a top disc jockey (DJ) in the Toronto area.

After receiving advice and motivation during his early years from the late comedian George Carlin, Russell pursued his start and career in comedy. He was able to host one of Carlin's last shows. Peters was awarded

the Trailblazer award by the Association of South Asians in Media, Marketing and Entertainment for good contributions to comedy.

In 2013, he became the first comedian to get a Netflix stand-up special. Peters' opening act, Steve "ShortBus" Krause, was also a treat as he focused much of his material on his handicap.

ShortBus who sits in a wheelchair and is an arthrogryposis, gained national attention when he got out of his wheelchair and climbed the famous "Rocky Steps" in Philadelphia.

ShortBus was also a former salesman and marketer for the National Football League (NFL). He's opened up for Pablo

Francisco, Russell Peters and Carlos Mencia, and has been in the Arizona comedy scene for the past 20 years.
